

4614 Chocolate and a Movie

1. Cut cardboard backing piece to fit inside the container and wrap in a unobtrusive paper.
2. Stuff box with newspaper or craft paper to secure the backboard and cover with crumpled gold or black tissue.
3. Secure the container lid to the backboard and the lip of the container. The process will make a strong foundation for displaying the products.
4. Starting at the back, prop up the acetate box of chocolates and the "Chocolat" DVD.
5. Place the sealed pretzels in the center of the basket and the Oreo with topper in front of the pretzels.
6. Attach the chocolate assortment in acetate at an angle on the left side between the lip of the box and the left side of the backboard.
7. Fill in with foil wrapped candy on both sides or with pretzels and cookie. You can leave space at the front right of the basket unfilled because you will attach your molded heart, or other mold choice, in that area, after you shrink-wrap the basket.
8. Make a bag for the basket, using enough extra shrink-wrap to pull together a tall gather at the top left side of the basket. Secure tightly with wire and shrink the basket, being careful not to heat the gather.
9. Attach a bow at the top to cover the wire. Add some nice streamers from the bow, down the sides to give an illusion that the basket is even larger.
10. Saran Wrap the molded chocolate and attach it with tape at the front right side.

Use a display sign with your price inserted (available online).

Miscellaneous Items		Cost
