

## **PRETZEL TWISTS**

- Single coated pretzel twists
  1. Using a four-pronged fork completely coat the pretzels and place them on a sheet pan liner.
  2. If toppers, sprinkles, etc. are required, apply them as needed.
  3. If stripes are required, stripe diagonally using a stripe bottle before the coating hardens.
  
- Two coating pretzel twists
  1. Dip half of the pretzel in the lighter coating, shake and lightly scrape off the excess coating.
  2. If toppers, sprinkles, etc. are required, apply them as needed.
  3. Let harden.
  4. Dip the other half of the pretzel in the second coating, shake and lightly scrape off the excess coating.
  5. If toppers, sprinkles, etc are required, apply them as needed.
  6. If stripes are required, stripe diagonally using a stripe bottle before the coating hardens.
  7. Let harden.
