

PRETZEL TWISTS

1. Dip single coated pretzels using a four-pronged fork. Use toppers, sprinkles, and stripes, as needed.
2. Always dip the lighter coating first if the pretzel is to have two types of coating.
3. Dip half of the pretzel in the first coating, shake and lightly scrape off the excess coating.
4. Stripe with stripe bottle, as needed.
5. Add sprinkles or toppers, as needed.
6. Let harden.
7. Dip the other half of the pretzel in the second coating, shake and lightly scrape off the excess coating.
8. Stripe with stripe bottle, as needed.
9. Add sprinkles or toppers, as needed.
10. Let harden.
