

4906 Nut Medley

1. Make a 13" x 7" backboard from sturdy cardboard and cover it with Kilwin's black truffle paper.
2. Attach the lid in the back between the lip of the container and the back of the backboard. Place it in the small container about $\frac{3}{4}$'s of the way to the back and stabilize with newspaper or Kraft paper filling the container all the way to the top. Cover the paper well with shred
3. Arrange the three bags so that one is in the center, one at an angle to the left, and the third one on an angle to the right.
4. Arrange two of the gold bags of nut products front and the other two as filler between the larger bags.
5. Fill in any open spaces with whole nuts for decoration. Everything can be secured to the backboard and to each other with stickies.
6. Make a bag 30" long and put the entire container in the bag, pulling the excess up over the top and securing with wire.
7. Shrink the bag over the product, being careful not to heat the topknot.
8. Wind the raffia and make a large bow with streamers and secure the bow around the wire.

Use a display sign with your price inserted (available online).
