

## **Pretzel Twists**

- Dip single coated pretzels using a four-pronged fork. Use toppers, sprinkles, and stripes, as needed.
- Always dip the lighter coating first if the pretzel is to have two types of coating.
- Dip half of the pretzel in the first coating, shake and lightly scrape off the excess coating.
- Add sprinkles or toppers, as needed.
- Let harden.
- Dip the other half of the pretzel in the second coating, shake and lightly scrape off the excess coating.
- Add sprinkles or toppers, as needed.
- Let harden.
- Stripe with stripe bottle, as needed.
